VITALSPACE WELCOMES B.I.G. ENTERPRISES TO ITS FAMILY OF MODULAR COMPANIES

BALDWIN, Georgia, April 7, 2026 – VITALSpace, a leader in modular innovation, is proud to announce the addition of B.I.G. Enterprises to its growing family of purpose-driven brands. This expansion builds on a year of strong momentum across Portable Solutions Group (PSG), SteelCell, and CareAffirm—positioning VITALSpace for continued growth across the modular construction industry.

Over the past year, VITALSpace companies have expanded production capabilities, strengthened partnerships, and increased demand across justice, industrial, and healthcare markets. The addition of B.I.G. Enterprises marks a natural next step—broadening VITALSpace’s reach with high-quality, custom-built guard booths that enhance safety and security across multiple industries.

Founded on craftsmanship and customer-focused design, B.I.G. Enterprises specializes in manufacturing custom guard booths and protective enclosures used in mission critical, commercial, industrial, government, and high-security environments. Known for durable construction, flexible customization, and responsiveness, B.I.G. has built a reputation as a trusted partner for organizations seeking reliable protection solutions.

“We’ve seen tremendous momentum across our companies,” said Mike Smith, CEO of VITALSpace. “That growth made it clear that expanding our modular capabilities was the logical next step. B.I.G. Enterprises aligns perfectly with our public safety mission, and we’re excited to welcome their team into the VITALSpace family. We will support ongoing manufacturing in their current facility with their amazing team.”

David King, Vice President of B.I.G. Enterprises, added, “Joining VITALSpace allows us to scale our impact and better service projects in the eastern US, while staying true to the quality and service our customers rely on. We’re excited to collaborate across the VITALSpace brands and continue delivering custom guard booth solutions that protect people and property nationwide.”

B.I.G. Enterprises will continue operating under its established brand and leadership while leveraging the strength of the VITALSpace platform to accelerate innovation, expand capacity, and support long-term growth in the custom guard booth market.

About VITALSpace

VITALSpace creates modular and steel solutions that transform essential spaces. Its companies serve justice, industrial, and behavioral health markets through innovative, efficient, and purpose-built environments that prioritize safety, security, and well-being. Learn more at www.vitalspace.com.
