

BUILD-TO-ORDER SECURITY BOOTHS & PROTECTIVE ENCLOSURES FOR SITES WHERE RELIABILITY MATTERS.

B.I.G. manufactures premium quality guard booths, bullet-resistant booths, shelters, and other prefabricated solutions. For more than 50 years, we've been serving our clients with the highest quality enclosures on the market. Our products are built to your specific needs, designs, levels of security, fully code compliant, and designed for your climate.

WHAT WE BUILD

ENGINEERING EXCEPTIONAL BOOTHS & SHELTERS

Remaining the #1 guard booth manufacturer requires a constant commitment to engineering shelters and booths to the highest standards. Every component is tested for optimal performance and long-term durability. Our experienced team builds fully code-compliant guard booths, enclosures, and shelters designed to withstand harsh environments while maintaining their appearance year after year.

BETTER-BUILT OPTIONS LEAD TO BETTER-BUILT SECURITY BOOTHS AND SHELTERS.

We take pride in doing custom work without the custom cost, building high quality booths and shelters that also deliver a lower ongoing cost of ownership.

BOOTH FEATURES & OPTIONS

BIG provides highly customizable booths configured around the project's requirements, including:

- Size, layout, and operator workflow
- Door, window, and transaction placement
- Exterior finishes, rooflines, fascia, overhangs, and architectural details
- Bullet-resistant, blast-resistant, and high-security features
- HVAC, insulation, lighting, electrical, data, and communications pathways
- Restrooms, cabinets, counters, shelving, safes, and storage
- ADA considerations, local code requirements, and climate conditions
- Site-specific installation, anchoring, lifting, and utility needs

WHY GO BIG?

Security, comfort, and appearance.

BIG booths are designed to protect personnel while supporting day-to-day operations and custom finishes to fit its environment.

Field-ready prefabricated construction.

BIG booths are manufactured off-site and delivered ready for installation, helping teams reduce on-site complexity.

Experience backed by expanded capacity.

As part of VITALSpace's modular companies, BIG continues to build on its long-standing reputation with added support to help serve customers with increased capacity.
